

# Medical Face Masks Type IIR

## Our BM-BioTec masks

- have an excellent filtering performance
- are free of allergens
- are very skin-friendly
- meet the highest quality standards

Protect yourself and others!

BM-BioTec masks made of 3-layer polypropylene fleece, produced in the ISO class 8 clean room, offer effective protection against infections. The masks adapt flexibly to any face shape and guarantee optimum wearing comfort thanks to the elastic ear loops and the flexible nose clip. You can rely on BM-BioTec masks - Made in Germany.
